

WALZ AXW-20 WHEEL WEIGHERS

ALWAYS ON THE MOVE!

Light and easy to carry

Model	Each Pad Dimension (L) x (W) x (H)	Max Axle Capability	Details
AXW-20	27 1/2" x 12" x 2"	40,000 lbs.	Accuracy: +/- 1% Load Cell: (6) Walz HH8C Load Cells
Advantages:	1. High intension aluminum alloy raw material, light to carry. 2. Load cell based weighing pads, very easy to maintain. 3. Load cell based with high static weighing accuracy.		
Please Note:	The dimension of pads, weighing capacity and cable length are all customizable in case if necessary.		

Detailed Specifications

Weighing Capacity	Wheel Weights	20,000 lbs.	Temperature Compensation Range	-10 ~ +50°C	
			Working Temperature	-40 ~ +80°C	
	Axle Weights	40,000 lbs.	Overload Protection	100%	
Sensitive	1±0.2% MV/V	Nonlinearity	≤ 0.05%	Repeatability	≤ 0.05%FS
